

Trad arr, and new lyrics by Pierce Turner.

bpm 114

Hail glorious St. Patrick,  
I sing this new song  
It has the same meaning  
But the world has moved on  
A new kind of evil  
Has blinded our minds  
Come grant us your vision  
And open our eyes

=====

V2

Hail glorious St. Patrick,  
your words were once strong  
Against Satan's wiles  
and a heretic throng;  
Not less is your might  
now in the heavens you are  
Oh, come to our aid,  
in our battle take part!

=====

Chorus; On Erins green valleys,  
on Erins green valley,  
Oh oh oh  
On Erin's green valley look down with your  
love.

*Inst; C#major F#m B E major*

=====

V3 (Mod to G)

In a world where the signs are  
turned round the wrong way  
And the Court that is seated  
Decrees that's ok  
They question the meaning  
Of purple and blue  
The truth is opaque now  
These snakes are all new

Hail glorious st patrick

Hail Glorious St Patrick

Oh oh oh

Hail Glorious st patrick dear saint of our isles

=====

E MAJOR

V 4 (Mod to A)

Your people divided  
Now batten their doors  
They turn on their neighbours,  
And store up for war  
But no-one is coming,  
The truth is a lie  
The fox is now flying

It's an eye in the sky

Hail Gorious st patrick

Hail glorious st patrick

Oh Oh OH

Hail Glorious St Patrick dear saint of our Isles

On Erins green Valleys

On Erins's Valley

Oh oh oh

On Erins green Valley

Look down with your love.
