

SILVER BELLS RING - Egge/Thomas

Silver bells ring  
Little children sing  
On this special night  
Everything is gonna be alright  
A little snow fall  
Neighbors come to call  
Family friends and all  
Gather round to see the kids delight

When the angels sing hallelu  
On the shortest day and the longest blue  
The reindeer are dancing with the moon

Put the tinsel  
on the tumbleweed  
Mom is smoking weed  
Wrapping presents up for you and me  
We went shopping  
Out to wonder world  
factory 2U  
Driving home everything was new

Today we'll eat on REAL plates  
Paper's just for wrapping things on  
Christmas Eve for Christmas Day

Some of us made out ok  
And some of us  
made it out ok  
But some of us weren't so lucky

Some of us  
are sitting still  
by the tree  
Waiting for that

Once upon a family  
where nightmares leave by morning  
And promises are just shiny things  
When angels sing hallelu  
On the shortest day the longest blue  
The reindeer are dancing with the moon

Silver bells ring  
Little children sing
